

A will to excel that drives to excellence!

**WOODMAC**  
*Beyond Engineering ...*

## SETTING STANDARDS FOR TOMORROW

Built on the robust pillars of quality, innovation and customer's faith, the success story of Woodmac Industries spans over 5 defining decades. With the inception of its operations way back in 1970 as a small manufacturing unit, there has been no looking back as it has grown tremendously over the years. Coupled with the infusion of latest technological trends and farsighted business outlook, it has further propelled the upward growth trajectory of its business. Established in the holy city of Amritsar, near New Delhi, the group made inroads with the best of machines and men to deliver the best in quality, technology and endurance reflected through its machines designed for producing marvelous products.

### WE ARE WOODMAC

Taking pride as a specialized ISO manufacturing company, it is geared towards the needs and changes of the future. Fortified with expertise in PLC controlled Hydraulic Hot Presses for Plywood, Particle Boards, High Pressure Laminates, Densified/Shuttering Ply and Rubber Conveyor Belts, it has carved a niche for itself in this competitive scenario.

Over the years, the company has also been at the fore in providing customized solutions for its esteemed clientele.

## OUR PRODUCT LINE-UP

Woodmac offers a competitive and defining range of product lineup catering to the varied needs of the clients and industries.

# FASTEST HEATING & COOLING TECHNOLOGY

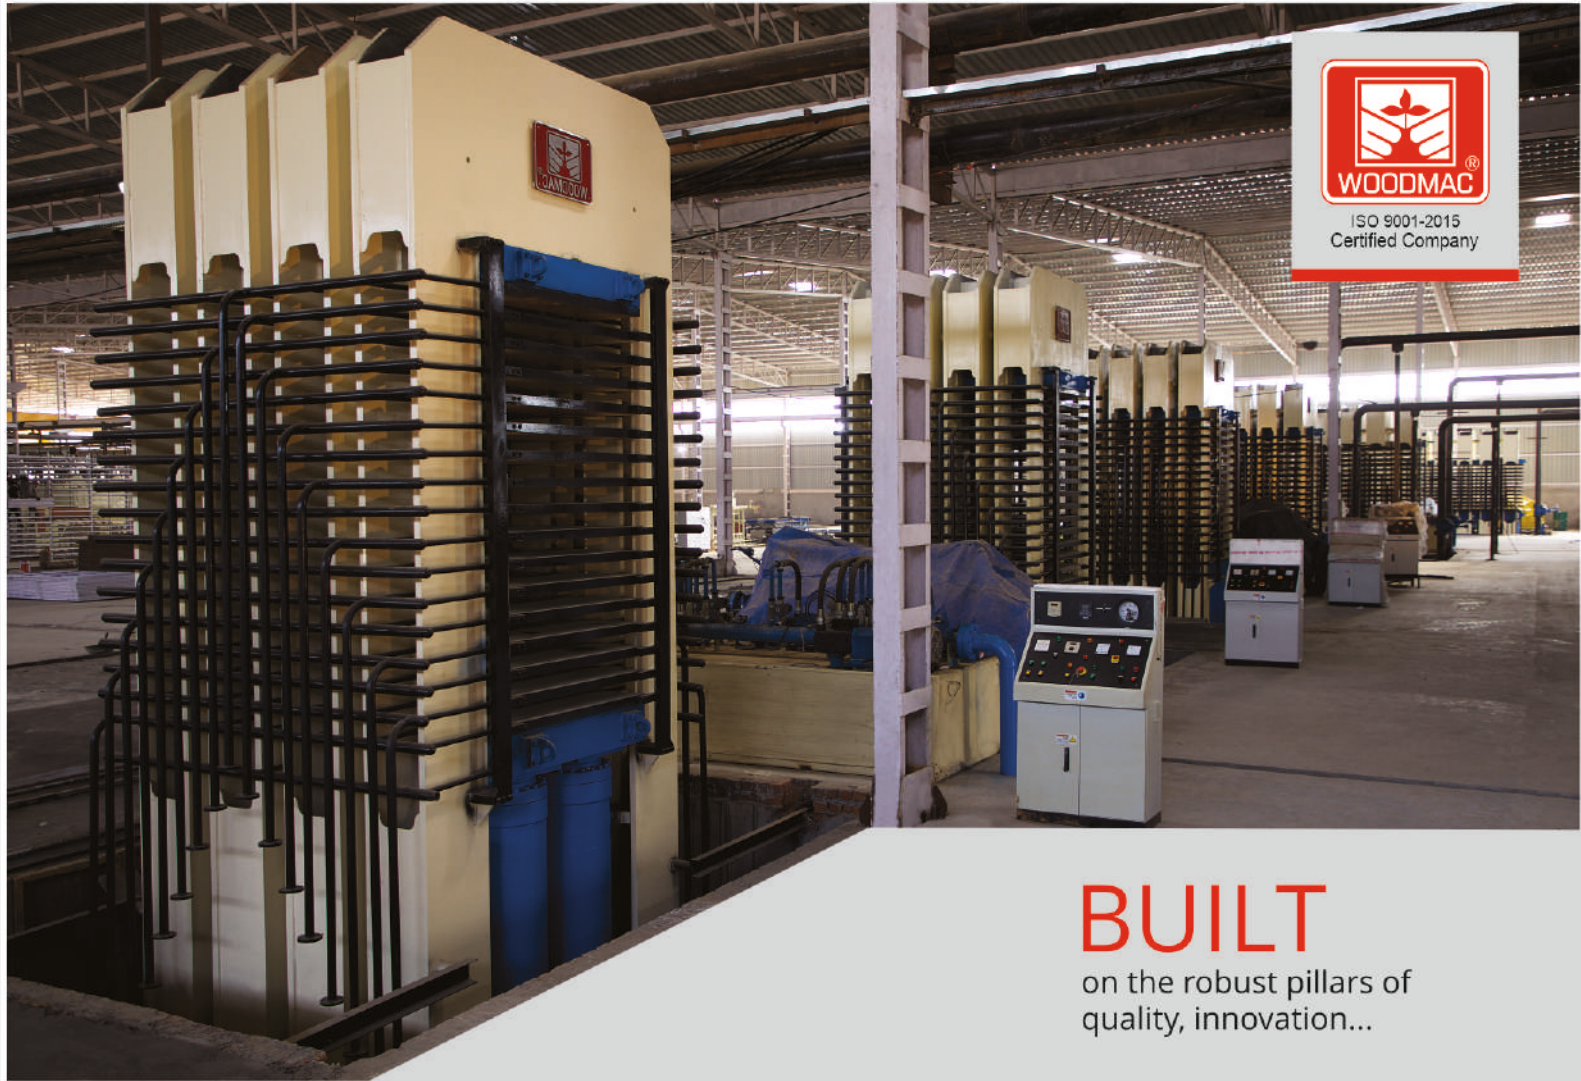

The image shows a large industrial facility, likely a manufacturing plant, with a high ceiling and a series of large, yellow hydraulic presses arranged in a row. In the foreground, there are several control units with digital displays and buttons. The floor is concrete, and the overall environment is industrial and well-lit.

## MULTI-OPENING HIGH PRESSURE HYDRAULIC PRESS FOR

HPL/Laminate | Compact Laminate | Export Grade Laminate | UHMWPE |  
Insulation Board | Press Board | Compreg | Composite

# *Hydraulic Press For High Pressure Laminates*

ISO 9001-2015  
Certified Company

## BUILT

on the robust pillars of  
quality, innovation...

*Fastest Heating & Cooling 25%+ Higher Productivity*

## STATE-OF-THE-ART FACILITY

Woodmac Industries boasts of a reputed facility backed by cost-effective automation and a thrust on optimum productivity with minimum manpower costs. Moving forward with a capability to design and develop 10 presses at a time, Woodmac also effortlessly handles the production of almost 50 presses at a time. That too with no additional time spent on procurement of raw materials and effortless delivery of products. Topped with a capacity to make 40 daylighters presently, it has triumphed as the only company in India to manufacture variety of presses for various applications and also customization.

## TEAM WOODMAC

We at Woodmac are a team of 200 driven and committed individuals and experts, working towards path-breaking examples. With teamwork at the heart of everything we churn out. We sensed the need to have skilled workers who would cater to the clients and industry, along with operating high quality machines manufactured by Woodmac industries.

## SERVICE AND SUPPORT

To guarantee highest performance and long-term competitiveness across all its equipments, Woodmac offers customers a bouquet of comprehensive service concepts. These services include spare parts service, customization and upgrading, consulting and engineering, tele services along with training and used machinery sales.

## OUR ESTEEMED CLIENTELE

Over the years, we have delivered our highly précised hydraulic presses to more than 600 leading clients spread across Australia, North and South America, Africa, Canada, Europe, Nepal and many more. Needless to say, we haven't stopped at any milestone even after 2400+ installations. Rather, every milestone inspires us to venture for the next one.

## AWARDS AND RECOGNITIONS

Over 5 decades, we at Woodmac have been honoured with various awards and recognitions that are an ode to our relentless pursuit for excellence and unwavering service commitment to do better, every day. We always feel honoured to be recognized and we are grateful to our loyal clients, well wishers and support to make our every dream come true.

# MULTI-OPENING HIGH PRESSURE HYDRAULIC PRESS

## SPECIFICATIONS

		Unit	Minimum	Maximum
1	No. of Daylights	Daylight	12	30
2	Specific Pressure	kg/cm <sup>2</sup>	~ 150	
3	Platen Size : Length	cm	30	500
	Width	cm	30	400
4	Product sizes	feet	4 x 8 4.25 x 10 4.25 x 9 6 x 12 6 x 14 Customized	
5	Heating Media		Steam Hot Water	

## Special Features

### Hydraulic Powerpack

- Automatic filtration system
- Low noise unique design
- Zero leakage & highly reliable
- Highest press closing speed in the industry - 150 mm/sec
- Pressure control within 2 kg (bar)
- Fail safe high pressure pump system

### Hot Platen

- Fastest heating & cooling
- Parallity within 0.03 mm/m<sup>2</sup> Special high
- Performance steel grade - ST 52
- Mirror finish bore - drilled on deep hole machine
- Bore straightening accuracy - 0.10 mm/meter
- Bore diameter accuracy - within 3 micron
- In-house production capacity - 6 platens/day
- Long life seals - easy to replace high density insulation sheet - sustainable to 200 deg C
- Harden mirror finish pistons/RAMs - 60 H.R.C.
- Weld-free single piece window frame
- Minimum number of pistons for standard size press 4x8 - 08 nos.
- Minimum number of window frames for standard size press 4x8 - 08 nos.
- SS pipes for hot platen headers
- Adjustable side guide rollers
- Automatic loading-unloading available
